Guide to getting NICIGAS service

First of all, let's prepare to apply

Pick up a meter-reading slip from the gas company you are currently using.

If you do not have it handy, NICIGAS can find it for you. Please ask the person in charge at NICIGAS.

**STEP 1**  
Application

Please apply using the application form, or apply on our website.

**STEP 2**  
Contract

NICIGAS will notify your current gas company about the change so you do not need to do anything other than to simply wait.

**STEP 3**  
Conclusion of the contract

Four documents will be mailed to you,  
① Contract ② Supply start date  
③ Future steps  
④ QR code for payment method registration.

Let us know the "供給地点特定番号"① and "お客様番号"② written on the meter-reading slip.

A document confirming your application content will be delivered to you in about one week.

There is no need for you to contact your current gas company.

Conclusion of the contract takes about one month from the application date.

In the final step, please choose your payment method from the options, which include direct debit, credit card, and Bitcoin and then register.

You can use your smartphone using a QR code to easily register the account number and credit card information for payment method registration, which is mailed to you upon conclusion of the contract.  
\*For direct debit, you can register using the paper form. (The credit card payment method can only be registered using a smartphone.)

For credit card payment, the following cards are accepted.

You have now completed the process necessary to use NICIGAS service.

**Starting of City gas supply**

All procedures have been completed and gas supply from NICIGAS will begin. Usually, switching of the gas service company takes place on the day following meter-reading one or two months after the application date.

**Incidentally,**

Concluding a contract with NICIGAS does not involve construction, therefore, **you will not incur any initial cost.** There is no contract period in a contract with NICIGAS thus **no penalty will occur (contract cancellation fee).**

**When you relocate, please contact NICIGAS to stop gas supply.**

\*If after applying you decide you want to cancel your application, please do so within 8 days (the cooling-off period) from the date on which the application is received. If you cancel after that, you will need to apply for gas service with the gas company you are currently using.

**In an emergency situation such as a gas leak, we will come immediately on a 24/7 basis to address the situation free of charge!**

In response to a report, a service representative from the nearest sales office will visit your location immediately. With 94 bases nationwide, NICIGAS group has many Chief Gas Engineers who are professional and expert about gas and have acquired proven skills through repeated strict training. ※As of May 2019

NICIGAS CITY GAS ニチガス

Hello everyone!

Thanks to you, we exceeded **1,569,000 customers!**  
\*Total customers in the NICIGAS group. City gas/LP gas combined (as of the end of December 2019).

NICIGAS TVCM ARCHIVE

# Hello everyone!

Thanks to your continued support, NICIGAS now has more than 1,569,000 customers! We have been supplying gas in the Kanto area since 1955 and will continue to do so at a fair price with the spirit of safety and peace of mind before everything else! The era has already begun for you to freely choose your gas company.

**OK! NICIGAS!**

Thanks to you, we exceeded 1,569,000 customers!

Now each household can freely choose the city gas company they want to use!

Thanks to deregulation in 2017, we have entered an era in which users can freely select the city gas supply company they want to use. In addition to users who live in a detached home, users who live in condominiums and rental properties can also get gas service at a fair price! The number of customers has increased day by day and has exceeded 274,000 households in two years!

## What does the liberalization of city gas retail business mean?

Before, only one city gas company was designated for each area. Liberalization eliminated this regional monopoly by gas companies, reducing gas prices, and now competition for new service has begun with currently used gas pipes and gas equipment as is!

**If the quality and safety are the same, it's time to look for better service!**

## NICIGAS focuses on fair prices!

- Reason 1 for low prices:** We procure gas from the Tokyo Electric Power Company group! The procured volume is No. 1 in Japan and is approximately 1.6 times Tokyo Gas! ※1
- Reason 2 for low prices:** Greatly reduced administrative expenses! Adopted a cloud environment for the entire business!

Secret of NICIGAS' good value pricing

Monthly gas bill

=

**Basic charge**  
Fixed charge that occurs even when gas is not used.  
※ Our amount setting is different from that of Tokyo Gas.  
Same every month

+

**Usage × Unit price (meter rate)**  
Changes every month

**We discount the standard gas unit price by 5%! ※3** In the gas bill, we offer a gas unit price per cubic meter (m<sup>3</sup>) that is lower than under the general contract with Tokyo Gas.

※1 Amount procured from Tokyo Electric Power Company group: Approx. 25 million tons/year ※2 The adjustment amount (raw cost adjustment amount) fluctuates every month based on the exchange rate for raw materials used to create gas or discounts for natural gas but the amount is the same as other gas companies. ※3 If you live in an area other than the Tokyo Gas service area, please inquire with the nearest NICIGAS sales office.

## NICIGAS is aiming to offer the cheapest price in the industry!

**We offer the very best gas appliance prices!**

Water heater, Cooking stove **Gas appliance purchase discount**  
If a competitor's campaign price is lower than our price, we will provide an additional 5,000 yen discount from that price.

**To everyone and permanently!**  
**5,000 yen discount!**

The facts speak for themselves!

**You can scan this QR code to simulate your gas bill. ▶**

●Your gas bills from us may not necessarily be cheaper if your bill is subject to a floor heating discount, ENE FARM discount or other optional discount with the gas company you are currently using, or if your monthly gas usage is relatively small (5m<sup>3</sup>/month or less).
